BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the *many* is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Landsheft, Esq., Alderman 9th Ward, Buffalo, N. Y., of 1294 Jefferson Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty-six years, and do not wonder at his success, for he is a physician and man of sterling qualities, is possessed of extraordinary skill, and he has in his Sanitarium a corps of specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 21 one-cent stamps for mailing *only*; or cloth-bound for 31 cents. Address the Author, as above.

COMPETENT JUDGES.

Beauty Doctors Endorse Herpicide.

Women who make a business of beautifying other women come pretty near knowing what will bring about the best results. Here are letters from two, concerning Herpicide:

"I can recommend Newbro's "Herpicide," as it stopped my hair from falling out; and, as a dressing it has no superior.

"(Signed.) Bertha A. Trullinger, "Complexion Specialist, "29½ Morrison St., Portland, Ore."

"After using one bottle of "Herpicide" my hair has stopped falling out, and my scalp is entirely free from dandruff.

"(Signed.) Grace Dodge, "Beauty Doctor, "135 Sixth St., Portland, Ore."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A LAXATIVE Cough Syrup

The Red Clover Blossom and the Honey Bee on Every Bottle.

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard."

KENNEDY'S LAXATIVE HONEY AND TAR

Cures Colds by working them out of the system through a copious action of the bowels.

Cures Coughs by cleansing and strengthening the mucous membranes of the throat, chest, lungs and bronchial tubes.

For Croup, Whooping Cough, La Grippe, Influenza, Bronchitis, and all Coughs, Colds, Lung and Bronchial affections no remedy is equal to Kennedy's Laxative Honey and Tar. Children like it.

Put up in 25c, 50c and $1.00 bottles at the Laboratory of E. O. DeWitt & Co., Chicago, U. S. A.

SPIRIT OF REVOLUTION.

Following a long and earnest debate concerning the question of the resumption of work the St. Petersburg University decided yesterday by a large majority to resume their studies "because an open university will be more dangerous to imperialism than a university on strike."

For five hours a sweltering, perspiring mass of 2,000 students stood closely packed in the assembly hall of the university, in which a new oil painting of Emperor Nicholas has taken the place of the portrait destroyed at the meeting of February 20, listening to a series of heated but remarkably able speeches from student orators.

Nearly all the speakers were members of the socialistic group, and many of them were out-and-out revolutionists. No voice was raised in favor of the government.

All the speakers were united in the idea that the present concessions are unsatisfactory, and that it is necessary to continue the reform propaganda, but they differed as to whether it would be better tactics to continue the strike or reopen the university as a center of agitation, or even as a "temple of revolution." Students of the moderate faction, who were thinking of continuing their education rather than furthering the work of reform, abandoned the forum to the agitators. Revolutionary proclamations were several times shawered from the galleries, and the students sang the "Marseillais."

The preamble to the resolution adopted declared that the National Assembly in its present form was not truly representative; that it ignores the workmen and that the students are not satisfied with the autonomy granted in the universities, but that the strike has lost its political significance, and the reopening of the universities will mobilize the student forces and enable them to co-operate with other influences in the work for liberty.

Therefore, it was resolved to "end the strike until a more favorable moment and to reopen the university, which is more dangerous to imperialism than a university on strike."

The university will reopen September 28.

Murder Mystery.

On Sunday night at 11 o'clock a gang of workmen, which had entered Mertsham tunnel, near Croydon, to resume repairs just after the passage of a train from London, discovered 400 yards from the mouth of the tunnel the body of a woman, terribly mutilated. The head had been smashed in, the face was unrecognizable, the left leg missing, left arm crushed and the lower part of the body was a mass of fractures and bruises.

It was at first believed that the case was one of suicide from a train, but later discoveries give color to the theory of murder. In support of this latter there is the absence of railway ticket, purse or money on the body, and also the significant fact that the woman had been gagged by means of a soft white veil. This had been twisted into a knot and pressed so tightly into the mouth that the police had difficulty in taking it out.

Immediately above the place where the body was found blood stains were discovered and there were crushing marks, as of a large moving substance, on the grimy walls of the tunnel. The theory that is given the most credence is that the woman was thrown out of the carriage.

The body has been identified by Mr. R. H. Money, a dairy farmer at Kingston, as that of his sister, Mary Money, aged 22, who resided at Clapham Junction. Miss Money left Clapham on Sunday. She then had a purse.

The doctors yesterday afternoon discovered finger marks, such as might have been caused in a struggle, on the woman's right arm. There was also an abrasion of the mouth, into which a veil had been stuffed, which was apparently of a recent character and possibly was caused during the process of gagging.

The police now take the view that a murder was committed. They believe the woman was assaulted and that she fainted. She was then then thrown out of the carriage, her assailant thinking her dead. They are now seeking a man who was seen to enter the carriage at Victoria station.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and boil it hard THREE MINUTES ONLY. Add a little cold water and settle. Serve in two minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the grounds and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

DON'TS { Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.)

(Lion-head on every package.)

(Save these Lion-heads for valuable premiums.)

Typhoon in Manila.

The most destructive typhoon that has visited Manila since 1882 burst upon it yesterday. Hundreds of stone and wooden buildings, including two churches and a hotel, were unroofed. The native districts were half swept away. Trees were uprooted everywhere and dozens of vehicles were upset.

Thousands of electric wires were blown down, filling the streets with flames until the current was shut off. Traffic and business have been suspended and the streets are deserted. The trolley lines suffered much damage, and the city was in darkness last night. Live wires killed five Filipinos, including two policemen. Two hundred natives were injured in various manners.

The police stations are feeding and sheltering 5,000 homeless persons and the churches 3,000 more.

It is believed that the shipping in the bay had warning of the approach of the storm, though the ships have been invisible on account of the rain and have not communicated with shore.

Yesterday evening the barometer was still falling, but at 7:30 p. m., the typhoon came to an end.

No Unpleasant Effect.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

CANDIDATES.

TO THE DEMOCRATIC VOTERS OF THE CITY OF ALEXANDRIA:

I hereby respectfully announce myself a candidate for the office of Clerk of the Courts, subject to the decision of a democratic primary.

Having been deputy to the late John S. Beach, I refer my fellow citizens to my record in the discharge of my duties in that capacity as to my fitness and qualifications to succeed to the office of the clerk. I solicit the support of my fellow citizens and ask their endorsement.

NEVELL S. GREENAWAY. Alexandria, Va., September 15, 1905.

TO MY FELLOW CITIZENS:

I will be a candidate for CLERK OF THE CORPORATION COURT of the city of Alexandria, subject to the primary, to be held on Thursday, October 12th, and request your support.

I have been a loyal democrat from my first vote to my last. Since my youth I have devoted my best endeavors at every election to my party. Should I be chosen to the office I will devote my full time to the work, and endeavor, as best in me lies, to so conduct the office that all work will be kept up to date, and every one having business there will receive immediate attention.

My aim and chief desire will be to have a model office, with everything in order and proper place.

At all times every courtesy and every assistance will be rendered to all having business with the office. Yours respectfully, sep22 td CHARLES BENDHEIM.

TO THE VOTERS OF THE SECOND WARD: I respectfully announce myself a candidate for the office of MAGISTRATE for the Second ward, subject to the decision of the democratic primary, to be held October 12th. Thanking you in advance for your vote and support. I am, yours, sep22 3t* FRANK MASON.

FOR MAGISTRATE.—I respectfully announce myself a candidate for the office of Magistrate for the Second ward, subject to the decision of the democratic primary, October 12, and solicit your vote and support. WILLIAM A. MOORE, Sr. sep21 2w*

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

WEDNESDAY EVENING. SEP. 27, 1905.

PEACE, not only in the far East but in the whole world, is said to be assured for the next ten years at least by the Anglo-Japanese treaty signed in London August 12th, reference to which is made elsewhere in the Gazette. This is the opinion of competent observers who regard the document as one of the most momentous of modern times. Coming contemporaneously with the Anglo-French entent it is looked upon as an effective check to the ambitions of the German Kaiser, and as possibly affording an explanation for the recent, but belated, display of warmth between Germany and Russia. In this connection significance is attached in official quarters to the fact disclosed from London that France and Russia were the only powers to whom the text of the new Anglo-Japanese agreement was communicated prior to its publication in the press of the world. Germany was neither consulted about its preparation nor informed as to its contents by either of the contracting parties. The new treaty assures to Japan the full and undisturbed possession of all that she has won from Russia in the recent war. It assures to Great Britain tranquility along her vast Indian boundary and her scattered Asiatic possessions. Threats of Russian invasion of India through Afghanistan, so long the bugbear of British statesmen, can now be regarded with equanimity, the united Japanese and British armies being sufficient to check such adventures. It assures to China her independence and her territorial integrity. It assures to the world the principle for which the late Secretary of State, John Hay, so strongly contended of the maintenance of the "open door" in China, which means equal opportunities for the commerce and industry of all nations in the developement of this comparatively speaking virgin territory. It assumes to France her possessions in Cochin-China, Annam, Cambodia and Tonking. It assures to Germany her protectorate of Kiau-Chau, with its 200 square miles of territory. It warns France, and especially Germany, which has long had designs on the rich Chinese province of Shantung, that their present possessions cannot be extended in China. It means that England and Japan together will hereafter be assured of paramountcy in Asia. It means that if either England or Japan is involved in war with any other power, their combined fleets and armies, making the most powerful coalition the world has ever seen, will be hurled against the common foe. It makes for peace in Europe, because even the German Kaiser who, rightly or wrongly, has always been regarded as the disturbing factor, will be compelled to curb his ambitions. It may, indeed, be the first step towards bringing about an agreement among the nations for a reduction of armaments. It serves notice on Germany that her ambitious scheme to build a navy that shall rival Great Britain's may as well be abandoned, for she can scarcely hope ever to catch up with the combined strength of the British and Japanese fleets. From many standpoints, therefore, British diplomacy has gained a tremendous victory and in the new alliance between the insular empires of the West and the East the world has secured guarantees of peace of a most important character.

JUDGE LEWIS, who is now the republican candidate for Governor of Virginia, says in his speeches that he never held a political office in his life. We do not know what the judge calls a political office, but this we do know, that he has been a life long partizan republican; that he was thirty years ago U. S. Attorney for the Eastern district of Virginia; was subsequently made Chief Justice of the Court of Appeals, by Gen. Mahone (who seldom made any but political appointments), and that still later he was again appointed U. S. Attorney. Democrats, too, must not forget that Judge Lewis, when he was U. S. District Attorney in 1876, aided in having federal troops sent to Virginia, which act caused righteous indignation throughout the State, so much so that Governor Kemper issued a proclamation protesting against this trespass upon the rights of the State by the federal government. At that time U. S. District Attorney Lewis made the following affidavit which was sent to the President :

I am from my knowledge of that (the last State election) and other elections held in Petersburg prepared to say that unless the marshal is furnished with a better and more reliable posse than he will be able to summons to his aid from residents of the city, the election on the 7th of November in that city will be a farce as gigantic as it will be fraudulent. I am not now prepared to express the opinion that the presence of troops to act as the marshal's' posse will be essential to the preservation of order and to insure a fair election at other points in the Eastern District of Virginia, but of the necessity of their presence to prevent bloodshed and secure a fair election in Petersburg, I think there cannot be a shadow of doubt.

braska, Colorado and Michigan have resolved to ask their Legislatures to pass laws compelling applicants for marriage licenses to undergo physical and mental examinations before they are allowed to wed. Homoeopaths in Philadelphia believe if such a law could be made practicable it would be an excellent thing; but they doubt that it could be enforced. In this way the homoeopaths hope to improve the human race by gradually eliminating the weak or unhealthy. The race, they say, would soon become hardy, and tuberculosis, cancer and other diseases would disappear.

A WORLD government, with The Hague tribunal as the basis of it, and one army as police force to carry out its decrees, is predicted for the near future by Walter S. Logan, president of the New York State Bar Association. He says he believes his grandchildren will witness the abolition of wars by this method. This is a consummation devoutly to be wished, but it is feared that Mr. Logan's grandchildren will have to live to the age of Methuselah before such a beneficent state of affairs comes to pass.

IN THIS talk about a general war between organized operators and organized miners that will send coal prices kiting, the Philadelphia North American asks: if it isn't possible to inject a suggestion for organized consumers.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, D. C., Sept. 27.

Captain William S. Cowles, brother-in-law to President Roosevelt, will probably come to this city next January to succeed Rear-Admiral Henry S. Manney as Chief of the Navy Department Bureau of Equipment. If Captain Cowles is assigned to this important duty, as naval officers believed he will be, he will rank as a rear-Admiral while so serving. Orders have already been issued by the Navy Department relieving Captain E. C. Pendleton from superintendent of the Naval Gun Factory in this city and assigning to that duty Captain E. C. Leutze. Captain Pendleton is slated to succeed Captain Cowles in December as commanding officer of the battleship Missouri. The tour of sea duty of Captain Cowles has expired and as Admiral Manney will retire for age in January next it is understood that Captain Cowles will succeed him as Chief of the Bureau of Equipment.

Minister Merry cables the State Department that William S. Albers, of Chicago, manager of the Point Limon Mining Co., arrested in Nicaragua on the charge of resisting the authorities and insulting the President of that country, has been sentenced to three years' imprisonmont and has appealed his case to the Supreme Court of Nicaragua.

During the month of August, according to the Department of Commerce and Labor, there were 256 Chinese admitted to the United States and five deported. During August, 1904, there were 600 admitted and 56 deported. Of the 256 admitted, 199 were residents returning to the United States and 57 were new arrivals. All those deported claimed to be residents of this country. Of the entire number 193 were admitted at San Francisco and four deported from that place.

The order promised by the Postoffice Department, providing for the numbering of boxes on rural free delivery routes after the manner of numbering houses in cities, has been delayed. Fourth Assistant Postmaster General DeGraw has received suggestions from several sources pointing out the case with which advertising firms could reach the rural population. Despite the objection, it is probable that the order will be issued, Mr. DeGraw replying that such firms do not generally take advantage of house numbering in cities to distribute their advertisements.

The War Department this morning received the following dispatch from General Corbin, at Manila, in command of the Department of Phillipines: "The worst storm of years prevailed here yesterday, passing during the night. Considera damage was done by the uproofing of buildings. The post at Malahi is reported totally destroyed. A further report will be made when the facts are known." Rear Admiral Reiter, temporarily in command of the United States naval forces in Manila, reported to the Navy Department by cable this morning that the gunboat Leite, anchored in the harbor of Manila, was lost in the typhoon. There was no one aboard at the time. The gunboat was a small one captured from the Spanish, and pronounced practically worthless.

Owing to cases of diphtheria in a mild form among the midshipmen of the 4th class at the Naval Academy at Annapolis, Md., and the necessity of preparing a mess hall separate from that which will be used by the rest of the brigade of midshipmen, it has been found advisable and the Secretary of the Navy has decided that the return of the midshipmen to the Naval Academy, now on leave, of the first, second and third classes shall be postponed until October 7th. Generally they are required to report at the Academy on October 1st.

Coal Works Blown Up.

The A. E. Martin Coal Works at Wyatt, a small town near Mannington, W. Va., were blown up with dynamite Monday night and totally wrecked.

Bloodhounds were secured from the management of the West Virginia penitentiary at Moundsville, and after a search of two hours two Italians were captured. It is believed they were merely tools of the principals.

The explosion occurred about 2½ o'clock, Manager Martin, who lives near the works, was awakened by a terrific explosion. He found a sixty-foot hole blown through the roof of the mine about 200 yards from the main entry. Holes had been drilled through, dynamite inserted, and an electric current used to fire the explosion.

The explosion seems to have been planned by experts. The officials of the mine are at a loss to account for the attack on their property. They intimate that it may have been caused by ill feeling among the miners of the four coal properties at Wyatt, but as yet no direct charges have been filed.

The Martin works are in bad shape, and repairs will cost an enormous sum, owing to the location of the blast. Nothing can be learned from the prisoners under arrest as to their connection with the affair.

Will Tie Up the Suez Canal.

A stoppage of traffic in the Suez canal for several days is threatened, owing to the necessity for the blowing up of the British steamer Chatham, which was sunk September 6, as she was on fire, and the flames threatened to reach a quantity of dynamite in her cargo. Since that time the wreck has partially obstructed the waterway, especially at night, as the wreck is submerged. Divers have placed 80 tons of blasting gelatine in the hold of the Chatham, which will be exploded Thursday morning. An expert in charge of the operation says it is impossible to predict the amount of mischief which will ensue from the great upheaval or to what extent traffic will be impeded. He says there is no precedent to show the effect of the explosion of such an amount of dynamite. It may form a crater in the bed of the canal in which the wreckage may be buried, leaving the canal deeper than before.

Twin's Death Due to Grief.

John J. Guilding, whose funeral occurred at Chester, Pa., Monday, was the twin brother of James, who died a short time ago. After his brother's death John went into a decline, and physicians claim that his death was due to grief. The brothers were so much alike that they could not be told apart, and their disposition and nature seemed identical. Even their parents were unable to distinguish them at times, and John has been given James's medicine. When the father thought he was lecturing James, he afterwards discovered that he was talking to John. Their closest personal friends were frequently deceived in the identity of the brothers and many complications ensued as a result.

For New Chinese Exclusion Pact.

There will be a resumption of the negotiations between China and the United States of a treaty relating to the exclusion of Chinese from the United States. When the Chinese boycott against American goods began negotiations were in progress, but public feeling in China became so intense that it was decided to break off negotiations temporarily.

The old exclusion treaty expired some time ago, and China refused to extend its provisions, as provided in the treaty, but decided to negotiate a new convention, hoping to get some concessions from the United States.

Virginia vs. West Virginia.

It is believed that Virginia will shortly take steps in the Supreme Court of the United States to force West Virginia to make provision for the payment of her alleged part of the much-discussed State debt. Belief that litigation will be instituted is based on the fact that Major Holmes Conrad, counsel for Brown Bros. and the Virginia bondholders, has recently returned from London, where he held a conference with the Messrs. Brown. A conference between the members of the Virginia Debt Commission and representatives of the depositories of the bonds has been held in Richmond.

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills, E. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Billiousness." 25c at E. S. Leadbeater, & Sons, druggists.

COURT OF APPEALS.

As the Court of Appeals adjourned at Staunton yesterday evening, and before their regular opinion day, which is Thursday, that body handed down the following opinions and writs:

By Judge Buchanan—Clark vs. Roller, Circuit Court Rockingham, county; reversed.

By George H. Harrison—Stout vs. Stout et al., from the Circuit Court of Augusta county; affirmed. Risque's administrator vs. Chesapeake and Ohio Railway Company, from Circuit Court of Rockbridge county; affirmed.

By Judge Stafford G. Whittle—Norfolk and Western Railway Company vs. Coffey, Circuit Court of Rockbridge county, reversed.

Petitions for appeal, etc.—Wright-Cæsar Tobacco Company vs. A. Hoen & Co.; writ of error; bond $200. Margolius Company vs. Harrington, Circuit Court Norfolk county; writ of error and supersedeas; bond $2,000. Vaught's administrator vs. Ettet et al., Circuit Court Wythe county; appeal; no bond.

The case of Rowland vs. Rowland, from Frederick county, was argued and submitted.

App vs. App and Shearer vs. Johnson, Frederick county, continued.

Court will meet in Richmond November 14th.

Big Orders for Locomotives.

All records for locomotive construction at the Baldwin Locomotive Works, in Philadelphia, will be broken during the year 1905.

This was assured by a statement made yesterday to a reporter for the North American by John H. Converse, head of the company. It is virtually assured that the year will close with a record of 2,100 locomotives, an average of forty-two a week, or seven a day for every working day in the year.

"The year 1903," said Mr. Converse, "was our banner year. We turned out in the twelve months 2,047 locomotives. During the first six months of the present year we turned out 1,000 locomotives, and, while I do not like to predict, I expect that the production for the year will be 2,100.

An order has just been placed with the works by E. H. Harriman for 136 locomotives, to be used on the Harriman lines—the Union Pacific, the Oregon Short Line, the Southern Pacific and the Oregon Railway and Navigation Company.

The Debt Settlement

John Dew, second auditor of Virginia, in answer to a communication from Claude A. Swanson, democratic gubernatorial candidate, has compiled a statement showing substantially the comparative advantage to the State if the debt had been funded into century bonds, under an act of February 20, 1892, and what the same debt would have amounted to if funded under the Riddleberger act of February 14, 1892. The statement shows that the amount lost by funding in Riddleberger instead of century bonds is $2,952,678.90. The amount saved the State by funding in century, as compared with same if funded with Riddleberger, being $7,339,095, making the total difference in favor of century over Riddleberger in the settlement of the debt $10,291,773.90.

Anglo-Japanese Treaty.

The text of the Anglo-Japanese treaty, signed August 12, was issued from the foreign office in London yesterday evening, together with a dispatch to the British ambassador at St. Petersburg forwarding a copy of the agreement with instructions to communicate it to the Russian government at the earlist opportunity. The treaty contains eight clauses and a long preamble. The latter states that the object of the treaty is the maintenance of general peace in Asia and India, and the preservation of the interests of all the powers in China by ensuring the integrity of China and the principle of equal opportuhity for commerce of all nations, the maintenance of the territorial rights of Great Britain and Japan in eastern Asia and India, and the defence of their special interests therein.

Restoring Span in Bridge.

The work of restoring the span in the bridge of the Southern Railway over the James river near Lynchburg has been commenced. Much of the span will have to be replaced by new material on account of the way the big girders were bent and broken in the wreck several weeks ago. It will be recalled that the bridge was damaged by train No. 29 leaving the track and dashing through the first span on the Amherst side in August. Since that the trains have been running over a temporary trestle, which will be used until the span can be fully restored.

Today's Telegraphic News

Accussed of Breach of Confidence.

Berlin, Sept. 27.—The publication in American newspapers of the remarks attributed to the Kaiser in regard to the yellow peril at the time he gave an audience to a party of American congressmen has had a diplomatic sequel and, as a consequence, the congressman who reported the words of his majesty are accused by German officials with a direct breach of etiquette and with violating the confidence of the emperor. The conduct of the congressmen is characterized by German officials as disgraceful. The reports of Kaiser's utterance which appeared in American newspapers were transmitted to Japan where they caused a great deal of comment and aroused the ire of the Japanese government. The Japanese Minister in Berlin was instructed to make formal representations to the German government protesting against such public demostrations of hostility to Japan. The Japanese Minister made his protest to Baron von Richtofen, in the absence of Chancellor von Buelow, but the Baron's explanation of the matter was not satisfactory. Accordingly the minister went to Baden-Baden, where he saw Prince von Buelow personally. He was then given satisfactory assurances that the Kaiser's words had been grossly misrepresented. The whole blame was put upon the American Congressmen to whom the statements were made, and they were accused not only of violation of etiquette but of committing a breach of good faith. The Kaiser only received the party in private audience, it was declared with the understanding that the conversation was to be private. The Americans abused the honor which was conferred upon them. High German officials who are supposed to reflect the imperial opinion are very indignant over the affair, and describe the conduct of the American congressmen, through whom the Kaiser's words were made public, as disgraceful.

The congressmen who were received by the Kaiser on September 5, when it was that he made the remarks upon the "yellow peril," included Representatives Littlefield, of Maine; Bartholdt, of Missouri; Waldo, of New York, McNary, of Massachusetts; Norris, of Nebraska, and Barchfield, of Pennsylvania. Congressman Bartholdt issued a statement in Berlin last Saturday in behalf of all the men received by the Kaiser repudiating all responsibility in connection with the circulation of unfounded reports of the Kaiser's utterances. Mr. Bartholdt declared that the congressmen appreciated the honor of the reception by the Kaiser too keenly to commit the indiscretion of publishing false reports of a private conversation. The National Zeitung, a leading liberal organ, retorted by saying that Congressman Bartholdt himself had telephoned to its office the report of the conversation with the Emperor which it published.

London, Sept. 27.—The party of American congressmen, when they passed through here after their visit to the Kaiser, gave the impression, in conversation that Kaiser Wilhelm did make the anti-Japanese remarks that have been attributed to him by congressman McNary. According to the version given here, the Kaiser evidently undertook a missionary task in an attempt to bias the minds of the congressmen against Japan. The fact that his views have been made public has interfered with his plan to convert the Congressmen, and has reacted on himself. Americans here take the view that the Kaiser brought criticism upon himself for undertaking the task of influencing the minds of the congressmen who visited him.

Royal Arcanum Affairs.

Boston, Sept. 27.—The plans of the committee representing protestors in Massachusetts, New York, Pennsylvania, Rhode Island, New Jersey, Connecticut, Michigan, Ohio, Indiana, and Illinois, against the new and increased rates of the Royal Arcanum, are nearly at a head. Legal action will be begun in Massachusetts within a few days. The executive committee of the Supreme Council, recognizing that litigation is inevitable, have engaged counsel. On the other hand John P. Leahy, one of the most prominent lawyers of Boston, and the Hon. Huge Hirsch, of Brooklyn, N. Y., both members of the order, and strong opponents of the new rates, have been appointed by the committee to have full power to represent protestors in all legal matters. Both men are hard at work in preparing for the coming battle, which will probably have an effect on fraternal insurance organizations, and fraternal legislation throughout the country. As a sort of preliminary to the coming battle, there will be held in Tremont Temple next Thursday evening, a mass meeting of Royal Arcanumites from all over Massachusetts, at which the leaders of the protest will set forth their ideas.

Sight Restored in Ten Years.

Chester, Pa., Sept. 27.—Robert Shaw, 65 years old, who has been without the use of one eye for over ten years, was overjoyed yesterday by the discovery that his sight had been restored. He was rapidly losing his vision of the other eye, and went to the Chester Hospital, where an operation was performed by Dr. Harbridge. The remarkable feature of the operation was the discovery made by Shaw as he was leaving the hospital. He put his handkerchief to the good eye that had been treated, and was astonished beyond expression to learn that he could see with the eye that had been sightless for so many years. Ten years ago [in Philadelphia specialists had removed a cataract from the right eye and he was told that he would never regain his sight.

Fire in Baltimore.

Baltimore, Sept. 27.—Baltimore was threatened with a repetition of her great fire this morning, when flames broke out in the store of the Goldman Furniture Company, No. 111 north Howard street, spreading to the establishment of Samuel Elder & Company, in the heart of the shopping district. A general alarm was sounded. The Goldman building was almost totally destroyed. At 11:30 firemen succeeded in checking the flames after a heroic battle with the dense smoke and fumes. Loss was estimated at $10,000.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach rouble," says J. P. Klote, of Edina, Mo. For any disorder of the stomach, biliousness or constipation, these Tablets are without a peer. For sale by Gibson & Timberman and W. F. Creighton & Co.

Sues Rouss Estate.

New York, Sept. 27.—For the third time since the death of Charles Broadway Rouss, the eccentric merchant, in March, 1902, a woman has appeared as a claimant on his estate of $8,000,000. Mrs. Elizabeth Slattery Cowan has begun a suit against the estate to recover a claim of $39.25, which, she says, is due her as a balance on a contract made with the blind merchant in 1892.

Mrs. Cowan says in her complaint that before her marriage she was Miss Elizabeth Slattery and lived in Jersey City, where she helped her mother run a little dry goods and notion store. She was then sixteen years old. She is now forty-six. It was part of her duty to go every few days to the Rouss store in this city and replenish the stock of the little Jersey City shop. It was in this way that she met Rouss.

She says it was not long before he was making love to her, and after a few weeks proposed marriage. Mrs. Cowan says they went to Niagara Falls and there went through what she supposed was a real marriage ceremony.

Mrs. Cowan says she discovered that their marriage was a complete sham, and that in 1892 Rouss informed her that their relations must cease, and soon afterward she was married to Mr. Cowan. Rouss subsequently sent for her and agreed to pay her $50,000 on condition that she would enter into an agreement never to make any claim on him or his estate. Soon afterward the blind merchant paid to her $10,750. She never got any more money from him.

Mrs. Cowan says the child was born during the time she lived with Rouss, and will introduce letters from the merchant in which he referred to the child as "our little precious." His pet name for Mrs. Cowan was "my Angel Girl."

Fight on a Street Car.

Lynn, Mass., Sept. 27.—Seven men were hurt, two being shot, one stabbed, one hurled from a car, and others beaten with iron bars, or clubs, after red pepper had been thrown about the car, in a fight between strike breakers and sympathizers with strikers on a Boston & Maine Railroad train, near here, late yesterday. The riot was deliberately plannad and was started by a man who sat across the aisle from four Armenians, who have taken the places of striking edge setters in the Walton & Logan shoe factory here. He threw a handfull of red pepper into the eyes of the Armenians, and he and his companions immediately jumped on them with iron bars, clubs and knives. A revolver was fired, but by whom no body seems able to say. The actual fighting took only a moment or two, but the consequences were disastrous. There were several women in the car, and all joined in the rush for the doors, when the shooting began. Women fainted and were thrown down and trampled on. The train was stopped almost at once, and the assailants of the Armenians all escaped.

Mysterious Murder.

Cambridge, Ills., Sept. 27.—Henry county and all this section of Illinois are stirred by the murder of Attorney John V. Streed, which, in many respects, resembles that of Daniel Berry, of Savannah, Ills., last summer. Berry and Streed were both leaders in politics, and Streed was vice president of the Swedish-American Republican League. Both were killed near their offices by persons unknown although the mystery suggests Berry's death, which was supposed to have been cleared when Botwell Pulford, a druggist, committed suicide. A coroner's jury is investigating Streed's death. They worked practically all night. Arthur Crawford, a butcher, of this town, found Streed lying unconscious yesterday morning, near an outhouse in the rear of the postoffice, where Streed had offices and living rooms. He died a few hours later without regaining consciousness. A revolver with one chamber holding a discharged shell was found under the body. Streed's own revolver was found later in his room. The police are working on the theory that his murderer was a political enemy.

Departure of Baron Komura.

New York, Sept. 27.—Baron Komura, the Japanese peace envoy, left New York for Japan at 3:30 this morning. Baron Kaneko, who has been in the country on a secret mission for many months and M. Sato, the spokesman of the Japanese peace party, accompanied Baron Komura on the trip home. The Baron and his companions are traveling over the New York Central to Montreal, whence the journey to Vancouver will be made on Imperial Limited. Baron Komura showed but few traces of his recent serious illness. As he left the Waldorf-Astoria, he and his party were cheered by a crowd that had collected, and at the Grand Central station they were given another hearty send off.

Dying Girl Sings "Abide With Me."

Chicago, Ill., September 27.—The hymn, "Abide With Me," was sung by Miss Louisa Butler, while, after being terribly crushed beneath a Rock Island train, she lay dying on an operating table in the Blue Island Hospital before daylight yesterday. As the surgeons worked in vain to save her life, the patient, still retaining consciousness, adjured those with her not to worry, but to take hope from the old hymn. Hospital attaches accustomed to tragic scenes, were moved to tears by the sight. The mother of the dying girl stood looking on as if in a trance, and it is feared she has lost her reason. Miss Butler is prominent in social circles at Morgan Park, near Chicago.

To Issue $20,000,000 Capital Stock.

Philadelphia, Sept. 27.—The Board of Directors of the Pennsylvania Company today authorized the issue immediately of $20,000,000 capital stock which will be taken by the Pennsylvania Railroad Company at par, the proceeds going toward the fund which will be required on Saturday of this week, when the $50,000,000 Pennsylvania Company trust certificate notes will be paid.

Three Races Mixed by Marriage.

Pittsburg, Sept. 27.— The first marriage license issued in Allegheny county to a full-blooded Chinaman was granted yesterday to Yee Lee, a cook. The woman is Miunie Coffey, aged 31 years, who told Marriage License Clerk Hegner that she was half colored and half French. Lee appeared at the office dressed in customery clothes of his native land. He is 40 years old.

Michael F. Dwyer, known to racing men throughout the world, will spend the remainder of his days in a sanitarium at Amityville, L. I. He is paralyzed from his waist down.

Richmond and the President.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Sept. 27.—Much dissatisfaction is felt here on account of the meagre arrangements being made for the reception of President Roosevelt. The affair is in the hands of a council committee and prominent people are having little to do with it. Another feature which is provoking criticism, is the fact that while Richmond caterers bid to serve the $10 a plate luncheon, the contract went to a Washington man. The President directs that he be under heavy guard during his entire visit here.

Fire—Wedding.

Panama, Sept. 27.—A great fire broke out last night in a mine at Colon. An appeal was sent to Panama for help and policemen were dispatched by train to assist in fighting the flames. This morning the fire was extinguished.

Panama, Sept. 27.—A social event of unsual importance was the marriage last night at the cathedal of Philip Fellinger, manager of the American Bank, to Miss Teresa Guardia, daughter of the Secretary of State of Panama. The bishop officiated and President Amador, of the Panama republic, and United States Minister Magoon assisted. The couple will spend their honeymoon in New Jersey.

Anglo-Japanese Treaty.

London, Sept. 27.—The opinion of Europe in regard to the new Anglo-Japanese treaty, the term of which were announced yesterday, seems to be that it is directed almost entirely against Russia, as no other power is likely to come within its scope because it is limited to the far East and India. The common view is that England will gain more through the treaty than will Japan.

The Typhoon in Manila.

Manila, Sept. 27.—Reports of destruction by the typhoon are slowly coming in. Fourteen towns in the Marquin valley are reported in ruins, and it is feared a number of deaths accurred. Hundreds of persons were injured.

Seven Children Asphyxiated.

Fort Dodge, Iowa, Sept. 27.—Asphyxiation of seven children resulted from the explosion of a gasoline stove in the home of Edward Adamson, here, today. The children ranged in age from three to ten years.

Yellow Fever.

New Orleans, Sept. 27.—Up to noon today there were 8 new cases of yellow fever and 4 deaths from the disease reported.

New York Stock Market

New York, Sept. 27.—The strong tone developed in the stock market at the opening continued during the first hour and has for many actives in that period made material advances. The belief is general that the Amalgamated Copper dividend will be again advanced at the October meeting. Large room traders did most of the work in Southern Pacific at an advance to 68⅜.

[COMMUNICATED.

Look Pleasant.

Cheer up, "Dutch," whoever you may be, tomorrow (or the next time we have a gubernatorial election) you may feel better—or fare better. We understand, by reading the Gazette, that our friend Roche made some suggestions as to a suitable compliment to be paid our beloved President as he passes through the city, which are a propos at this time. No loyal citizen of this great country could object to this. But "Dutch," evidently one of our citizens who fought in the last "political battle," has awakened and the antidote administered has not had time to quiet his nerves. He comes to the front in an attempt to humiliate our good citizen, Mr. Roche, when his real and only desire is to give vent to his feelings on the "Love Feast in the Second ward," given by democrats and paid for by democrats. Our only suggestion is this, Dutch—forget the last election, for there is a red hot one on at this time. It isn't too late to get on the right side. Then you can have free beer. I fear, though, that "There is none good; no, not one, except he is with "Dutch." LOVE FEAST.

Rev. Charles H. Parkhurst returned to New York from Europe today, and gave the opinion that fusion cannot win in the coming election because there is too much "graft," and "boodle," as an incentive to Tammany. He also said that McClellan has made a good Mayor, considering the organization handicap, and that if he is nominated again, he will win.

Minnie Lee, who charged that Governor Herrick, of Ohio, was the father of her child, has been indicted on a charge of attempted blackmail.

$100 Reward, $100.

The readers of this paper will be pledged to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constipational disease, requires a constitutional treatment. Hall's Catarrah Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:52 a. m. and sets at 5:49 p. m. High water at 6:39 a. m. and 7:00 p. m.

Weather Probabilities.

For this section fair and warmer tonight and Thursday; light variable winds, becoming southwesterly.

Deepest Pool in Potomac.

It is now generally known where the deepest water in the Potomac is located, as there are many spots where it is sixty and seventy feet deep. Tradition says that abreast the wharf at Fort Washington there is a spot where no bottom has ever been found and that articles dropped overboard there are often found a short time afterward in the Patuxent river forty miles away. This story has not been substantiated, however, and those who have made soundings around the river about Fort Washington were able to find bottom in about seventy feet of water.

Off Mathias point on the lower Potomac, about sixty miles down the river, the steamboat men say there is a hole in the bottom of the river 159 feet deep. The charts of the Potomac confirm the story of the steamboat men, as the coast survey officials found this depth of water at a point about midway between the lighthouse and the beacon abreast of Mathias point. The hole is said to be about 200 feet in diameter, and is supposed to be caused by a peculiar whirl in the tides at that point. Some of the best fishing on the river can be found on the edge of this hole in about seventy to a hundred feet of water.

Charters.

The State corporation commission yesterday granted charters to the Monolith Steel Company, to deal in iron and steel and other metals and the manufacture thereof, and the Virginia Southwestern Coal and Timber Company, which will do a general business in these commodities. The former concern is capitalized at $250,000, and the latter at $500,000. The principal offices of both will be in Alexandria. The incorporators of the steel company are Washington people. John F. Golding is named as president, H. N. Lois, secretary, and Samuel P. Carter, treasurer. The incorporating officials of the coal and timber concern are also Washington men. They are J. H. Merriwether, president; George E. Terry, secretary, and H. F. Handler, treasurer.

Jewish New Year.

The Jewish holiday season will begin Friday next with Rosh Hashonah, or the New Year, and terminate with the Feast of Tabernacles. Ten days after the opening of the New Year occurs the Day of Atonement, the most solemn of all the Jewish holidays. The days intervening between New Year and Yom Kippur, or the Day of Atonement, are known as days of repentance leading up to the solemn Kippur fast. Then comes the Succoth festival, or Feast of Tabernacles, a harvest festival, which is a season of rejoicing and thanksgiving for the blessings of an abundant harvest. This brings to a conclusion the autumn festival season. Services appropriate to the New Year and Day of Atonement will be held in the Synagogue in this city.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Clarence Grady, colored, arrested by Officer Knight charged with gambling, was fined $2.

Thomas Smith, colored, arrested by Officer Knight charged with gambling, was sent to jail for 20 days.

Temp Wilson, colored, arrested by Officers Knight and Nicholson charged with disorderly conduct, was fined $5.

Robert Dewey, colored, arrested by the same officers charged with breaking into the cook shop of Ann Berry, had his case continued.

Missionary Society Meeting.

The Woman's Foreign Missionary Society of the Baltimore Conference of the M. E. Church will begin a three-days' session in the M. E. Church South in this city at 11 o'clock next Sunday morning. Miss Nina Wilson will preside and Rev. E V. Register, former pastor of the church, will deliver the opening sermon. There will be an afternoon session. Between 50 and 60 members of the society are expected to attend. The meetings will be held in the morning and afternoon of Monday and Tuesday.

Last of the Cobblestones.

The cobblestones on Royal street, between King and Cameron, are being removed preparatory to the grading, concreting and paving of that square with vitrified bricks. The work of laying granite curbing on the square is nearing completion.

The square on Prince street, between Fairfax and Royal, is virtually finished, and the work of laying vitrified bricks on Lee street, between Prince and Duke, is in progress.

Death of Mrs. Johnson.

Mrs. E. Kurtz Johnson, long a resident of Washington, and widow of E. Kurtz Johnson, formerly president of the Citizens' National Bank, of that city, died yesterday morning at her home in Washington of an affection of the limbs due to chronic rheumatism. She was ill nearly a year. Mrs. Johnson was born in Washington in 1840, her maiden name having been Anne Elizabeth Wimsatt. She leaves a daughter, Mrs. Hugh McGuire, of this city, and four sons.

The Clerkship.

An active canvass is being made by Messrs. Charles Bendheim and N. S. Greenaway for the clerkship and by the time of the primary, October 12, every voter will have been seen and urged to vote for one man or the other, or both. Mr. Bendheim has not yet named his deputy and it is generally understood that one will not be appointed till after the primary.

Work of Removal.

The work of removing the internal revenue office from this city to Abingdon has been commenced, and the employees were busy today in packing up and shipping the effects of the office. By Saturday everything will be in readiness for the transfer, and next Monday morning the attaches will be in the Abingdon office and ready for business.

Republican Meeting.

The republicans of the city will hold a meeting at Schuler's Hall on Friday night next (not Monday, as heretofore stated) to nominate a candidate for the House of Delegates. The plan of the meeting has been mapped out and Mr. John B. Henderson of the county will receive the empty honor of a nomination. He is expected to "pay the freight" and after the election he will have the experience, but an Armstrong investigating committee will be required to tell who will get the money. Mr. W. H. P. Kelley, a popular young republican of this city, who is an applicant for the the city postmastership, has been mentioned in connection with the Legislature, but it appears that his candidacy was not seriously considered by the powers that be, as Mr. Henderson could put up the most money. Knowing republicans say that the turning down of Mr. Kelly for the Legislature will also put him out of the postmastership contest.

Schneider-Reynolds Nuptials.

A quiet wedding was solemnized at the St. Mary's Church parsonage this morning, when Miss Mary Elizabeth, daughter of Mr. Joseph Reynolds, of this city, and Mr. Samuel B. Schneider, of Reading, Pa., were united in marriage, Rev. Father H. J. Cutler officiating. The bride was tastefully attired in a traveling suit of blue cloth with hat to match, and was attended by Miss Ruth Travers. Mr. William L. Schneider, brother of the groom, acted as best man. The bride was the recipient of a number of beautiful and costly presents. After the ceremony Mr. and Mrs. Schneider left for Reading, Pa., where they will reside in the future. They take with them the best wishes of their many friends and acquaintances.

Electric Railway Connection.

It seems that the Washington-Southern Railway Company constructed the plank walk and railing from their new depot to the Spring Park station of the electric railway. The company has also had the frame structure used for station purposes removed half a square north to the southern end of the railway viaduct over Hooff's run. As has heretofore been stated, passengers for points north or south can ride on the electric trains to within a square of the new depot, while those arriving on through trains can take in bound trains at this point. The increased number of trains since the double-tracking of the electric railway afford ample convenience to persons going to or coming from the new depot.

New Building.

Mr. Edgar Warfield, jr., has given to Mr. Joseph F. Rodgers a contract for erecting a handsome three-story brick building at the northwest corner of King and Pitt streets. The building is to front 21 feet on King and extend back 75 feet on Pitt street. It is to be of gray brick, trimmed with Indiana sand-stone and with iron cornices. The first floor is to be used by Mr. Warfield as a drug store and will be equipped in the most modern style. The second and third floors are to be fitted up as flats with five rooms and bath each, all most conveniently arranged. The building when completed will be one of the handsomest in the city.

A Grievous Blunder.

A resident of upper King street, who has been accustomed to secreting money in old magazines, will in future seek other places in which to place his surplus notes. It seems that a member of his family, who had long been regarding the stacks of literature as an eyesore, and not being aware of the fact that the bank notes were between the leaves of some of the periodicals, threw them into the back yard where they were picked up by children, white and colored, living in the neighborhood and carried away.

Remnant of Historic Pole.

While digging the foundation for the new granite curbing on the southeast corner of Cameron and Royal streets this morning the stump of a flagpole was exhumed. This pole was erected in 1860, and a Bell and Everett bourgee floated from it until November of that year. When the federal troops captured Alexandria May 24, 1861, an attempt was made to place a U. S. flag on the pole, and a sailor from the gunboat Pawnee fell in climbing it and was killed.

Fire Extinguished.

A chicken house on the premises of Mr. Wm. Brown in the square bounded by Prince, Duke, Fayette and Payne streets caught fire between 3 and 4 o'clock this morning, and was burning briskly when discovered by Messrs. John Harrison and Samuel Studds, who knocked the house down and removed the burning planks from the frame structures adjoining it, thereby preventing what might have resulted in a serious conflagration.

Birthday Party.

Miss Minnie Simpson, of south Henry street, celebrated her birthday on Tuesday evening. Quite a number of her friends were present. Miss Simpson received a great many presents. Among the guests were Mrs. Church and her daughter, Mrs. Heburn of Richmond. After supper the guests left for their homes, having spent a pleasant evening.

Suit for Damages.

Dominicio Glaria, who has been working for the Washington Southern Railway Company, has sued that company for $8,000 damages for the loss of his leg, which was cut off by a passenger train at Franconia, Fairfax county, as he was crossing the track. Dominico claims that the company was negligent in running its train at high speed in the vicinity of the work camp.

Rumors of Double-tracking.

It is currently rumored that Messrs. Hoffman, McMullen and McDermott, who are contractors, having an office in Washington, will at an early date put two or three steam shovels to work between this city and Mt. Vernon preparatory to double-tracking the electric railway between those points.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. Kings's New Discovery for Consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at E. S. Leadbeater & Sons' drug store, price 50c and $1.00. Trial bottle free.

Services Appreciated.

Mr. George W. Pettey, Chief Engineer of the fire department, today received the following, which explains itself:

Alexandria Fertilizer & Chemical Co.
September 27, 1905.

Mr. Geo W. Pettey, Chief Engineer Fire Department, Alexandria, Va.

Dear Sir: It is with pleasure we hand you our check for $100 to be distributed among the different fire companies whose efforts and exertions rendered us such signal service on the occasion of the recent fire at W. A. Smoot & Co.'s, a few nights ago.

Will you kindly distribute the amount, using your best judgment in so doing?

Yours very respectfully,
ALEXA. FERTILIZER & CHEMICAL CO.

The Alexandria Fire Department has always enjoyed a deserved reputation for efficiency, and the fertilizer company, appreciating its services, has shown its regard in a substantial manner.

Personal.

Col. J. A. de Lagnel has returned from Old Point, where he spent the summer.

Mr. and Mrs. Sidney Kaufmann, now of North Carolina, are visiting relatives in this city.

Mrs. Marie Peyton and daughter, Miss Dollie, have returned from Fauquier county where they spent the summer.

Lieut. S. A. Cole, of the U. S. army, retired, has gone on a visit to his mother and sister in New York.

Mrs. B. H. Lambert, after three months sojourn in North Carolina, has returned to her home in this city somewhat improved in health.

LOCAL BREVITIES.

Some one poisoned the pet dog of Mr. Taylor Arnold, keeper of the Ivy Hill Cemetery, Sunday.

The members of the Reliance fire company participated in an oyster roast at their house last night.

The contract for the extention of the Mutual Ice Company's wharf will be let in the course of a few days.

Frances, the infant daughter of Mr. P. J. and Mrs. Mary Buckley, died at her parents' residence in this city last night.

The annual meeting of the stockholders of the American Locomotive Appliance Company was held in this city this evening.

A large excursion party from North Carolina passed through here for Washington last night on a Washington Southern Railway train.

Mr. J. D. Knight has been awarded a contract for remodeling and adding a back building to the residence No. 224 south Washington street.

Officer Ferguson early this morning found on the street a dinner basket containing a number of dishes, &c., which he took to the station house.

As will be seen by a notice elsewhere, Mr. Edgar Warfield, jr., will remove his drug store to the Appich building while his new store is being built.

The barge Blanchard, loaded with lumber by Smoot & Co., has left for Indian Head. The material will be used in the erection of a hotel at that place.

Mr. Crandall Mackey, Commonwealth's Attorney for Alexandria county, says he has sufficient evidence against the pool-room operators at Jackson City to warrant a raid which he says will be made at once.

Many persons living in the vicinity of Peyton's Grove are complaining of the fact that the pump in front of that property is out of order and causing great inconvenience to the many dependent, in a measure, upon it for water.

Kenefick Council, No. 190, Catholic Women's Benevolent Legion, held a largely attended and interesting meeting at St. Mary's Hall Monday night. Several members were initiated. After the business meeting refreshments were served. A number of guests from Washington were present.

A large sand barge belonging to a man named Potts got adrift in the Eastern branch this morning and floated past this city. Some colored men went after the barge and towed it into the cove between the shipyard, where they made it fast till the owner came. Later it broke away and floated up the river again.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. For sale by Gibson & Timberman and W. F. Creighton & Co.

Best For Children.

Mothers, be careful of the health of your children. Look out for Coughs, Cold, Croup and Whooping Cough. Stop them in time—One Minute Cough Cure is the best remedy. Harmless and pleasant. Contains no opiates. Sold by W. F. Creighton, and Co., 401 King street.

Credit of Country Injured

The injury to America's credit among Europeans, by reason of the recent life insurance and cotton report scandals, was vigorously described yesterday by Hamilton Wright Mabie, one of the editors of the Outlook, who arrived at New York on the North German Lloyd steamship Grosser Kurfurst after a summer spent in German and France. In discussing the effect of the scandals, Mr. Mabie said: "It makes an honest American's cheeks flush with shame to stand by, as I did, and hear German or French men of affairs sneer at what they call American swindling. The worst of it is that the facts are bad enough. Why, the men in the Equitable Assurance Society, who are responsible for that scandal, and those who engineered the cotton leak at Washington have committed felonious assault on the honor and financial integrity of the country. Nothing has ever happened in this country to so injure the standing of American financial projects abroad. The effect of the insurance exposures will be felt all over Europe, but the cotton scandal has caused the greatest comment in Germany, where many thousands of marks have been lost in cotton speculation. As soon as the news of the cotton leak came to Germany, investors could not say enough to express their contempt for a government department that allowed one branch of its scientific work to be devoted to fleecing investors."

No Strike Probable.

Assurances are given by persons with authority to speak that no strike among anthracite coal miners will occur this winter. The word comes from an officer of the American Federation of Labor who says that even if conditions arise, which, in John Mitchell's judgment, makes a strike imperative, it will not go into effect until after April, 1906, when the agreement between the mine operators and mine workers expires. "The federation," it was said, "would not stand for a violation of an agreement entered into in good faith between any of its affiliated bodies and the employers of labor." The demands of the mine workers will be pressed, however. They will insist on an eight-hour day and the official recognition by the mine operators of the United Mine Workers' national association. Unless these demands are granted the mine workers declare they will, at the close of the agreement, shut down every anthracite mine in the United States.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by Gibson & Timberman and W. F Creighton & Co.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

Numerous and Worthless

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

BUILT UP HER HEALTH

SPEEDY CURE OF MISS GOODE

She Is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 355 E. Chicago Avenue, Chicago, Ill., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be

Miss Cora Goode

benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago. She writes:

Dear Mrs. Pinkham:—

"I tried many different remedies to try to build up my system, which had become run down from loss of proper rest and unreasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia E. Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. Address, Lynn, Mass.
